II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

What is the basis for federal court jurisdiction? *(check all that apply)*

☒ Federal question

☐ Diversity of citizenship

Fill out the paragraphs in this section that apply to this case.

A. If the Basis for Jurisdiction Is a Federal Question

List the specific federal statutes, federal treaties, and/or provisions of the United States Constitution that are at issue in this case.

42 USC 2000 e-2(a)(1), et seq., Federal Equitable Tolling, and Fraudulent Concealment Doctrine. RICO ACT.

b. If the defendant is a corporation

(If more than one defendant is named in the complaint, attach an additional page providing the same information for each additional defendant.)

3. The Amount in Controversy

The amount in controversy—the amount the plaintiff claims the defendant owes or the amount at stake—is more than \$75,000, not counting interest and costs of court, because *(explain)*:

\$1,000,000

III. Statement of Claim

Write a short and plain statement of the claim. Do not make legal arguments. State as briefly as possible the facts showing that each plaintiff is entitled to the damages or other relief sought. State how each defendant was involved and what each defendant did that caused the plaintiff harm or violated the plaintiff's rights, including the dates and places of that involvement or conduct. If more than one claim is asserted, number each claim and write a short and plain statement of each claim in a separate paragraph. Attach additional pages if needed.

42 U.S. Code § 2000e – 2 - Unlawful employment practices, Equitable tolling, and the fraudulent concealment doctrine are invoked to redress claims in this action. The Appellant was deprived the right to redress claims in the absence of fraudulent civil rights deprivations in administrative processes, because of her race and the agencies participation on the Presidents Interagency task force where EEOC is a member and used the prestige of the agency to extend a favor to the US Dept of Homeland Security who participates on the task force, and where this court has been burdened with a legal action in the absence of jurisdiction, because the administrative law Judge relied on fraudulent orders and documentation provided by the agency in violation of the Federal Rule of Civil Procedure 12f that permits the collateral attack of the granting of summary judgments in matters of fraud and scandalous matters.

The underlying claims in this action are familiar with this court, with most recent actions showing direct evidence of the State Courts and Administrative agencies specially EEOC under the leadership of Carolton Hadden, has persistently used the prestige of his position to frustrate and prejudice the proper administration of justice to advance the interest of interagency partners to include the US Department of State and Homeland Security who through their contractors have made cruel and unusual efforts to ruin my career in National Security that was build on the broken pieces of their dereliction of duties in violation of the Failure to Faithfully Execute the law act of 2014, from March 2014 to the present, where the agencies have failed to enforce federal law against the State courts as required by the executive order that establishes the existence of their agency, EO 12333, because I am an African American Female.

The FBI had the audacity to solicit me for a Technical Writing opportunity using their contractor Salient, whom they had a 20 year relationship with and used to offer me a position of which they rescinded after I passed the background check.

The agency from 2010 to the present has done everything in their power to ruin me and my children's lives.

Thus establishing themselves as an Insider threat to the United States of America, for Misdemeanor high crimes and treason against the US for failure to adhere to national security disclosures from a person with a fiduciary obligation to the United States since the age of 17 to present

Title VII plaintiff's failure to exhaust administrative remedies deprives the federal court

of subject matter jurisdiction over such claims. Jones v. Calvert Group, Ltd., 551 F.3d 297, 300 – 01 & n. 2 (4th Cir.2009).

IV. Relief

State briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages. For any request for injunctive relief, explain why monetary damages at a later time would not adequately compensate you for the injuries you sustained, are sustaining, or will sustain as a result of the events described above, or why such compensation could not be measured.

I am seeking to have my claim exhausted by the administrative agency
who relied on fraudulent judgments of the PG County Circuit Court
and was awarded summary judgment upon presenting false statements by the
federal law enforcement agency that have an obligation to ensure the enforcement

of federal law, but instead used the county order as an opportunity to engage in 18 USC 241 deprivations due to race and gender bias.

See Exhibits
1+2.
